

Are you getting *the best* from your waste hauler?

ASK YOURSELF:

- Has my **contract renewed itself multiple times**?
- Am I **paying questionable surcharges & fees**?
- Have my **rates increased astronomically** over the years?
- When was the **last time I saw my salesperson**?

KNOWLEDGE IS POWER: Equipped with a clear understanding of how the waste industry **REALLY WORKS**, including the fees and surcharges on your existing billing, you're better positioned to make informed decisions. MTM Waste Solutions believes in **information sharing, informing and educating our clients**. We are transparent in all we do and we are with you every step of the way. Managing waste efficiently and improving your organization's sustainability can boost your corporate image, attract quality clients and positively engage employees.

A WASTE COST ANALYSIS

SEEING is BELIEVING

Do Waste Audits save \$? YES!

- > Explores potential material diversion
- > Consistent monitoring of service level charges for waste
- > Opportunity for rebates on certain materials
- > Ensure bin sizes match their capacity
- > Summary of cost savings for your records

We conduct a Waste Audit

- The waste audit provides a review of the clients' waste stream.
- Explores opportunity to divert recyclable materials from landfill.
- Receive possible rebates on recyclable commodities.
- Ensures accurate bin sizes are in place for the amount of waste.
- Make sure the proper service levels are being utilized.

DID YOU KNOW?

A single plastic bag can take up to **500 YEARS** or longer to degrade?

MTM WASTE SOLUTIONS CANADA

WE'RE HERE TO HELP sort though the rubbish.

- DO YOU KNOW WHAT SURCHARGES YOU ARE PAYING?
- HAVE YOUR RATES INCREASED 5 TO 10 TIMES OVER THE YEARS?
- DO YOU RECALL THE LAST TIME YOU SAW YOUR SALES ASSOCIATE?

THE SECRET'S OUT! LET US EDUCATE YOU: Waste services are a necessity; paying unnecessary fees are not. Auditing of waste invoices reveal 4 out of 5 contain unnecessary fees, overcharges or other billing errors. With multiple invoices, the charges can add up to a significant amount!

Waste invoice fees and surcharges that increase or decrease from month to month are difficult to manage and take time to challenge.

So how do you prevent your company from overpaying? It starts with informed decisions. **MTM Waste Solutions Canada** offers businesses an efficient way to contain and control waste costs with our professional waste auditing services. We take the time to listen to your concerns about your existing services, explore the opportunity to recoup questionable overcharges and fees and explain and educate you on opportunities to save 20% to 50% on average cost savings.

MTM Waste Solutions Canada simplifies waste management and we have a unique advantage; we understand the business and know the difference between a reasonable service charge and an erroneous fee and **we take the time to educate our clients** too. **Our core mission is to manage and service our clients' needs according to their best interests.**
